

Wait No More...Get Involved! Faculty of Health Student Caucus

The nomination period for members of the Faculty of Health Student Caucus (FHSC) is now open!

Members of the FHSC will represent undergraduate students in the Faculty of Health, on the Faculty Council; its standing committees (Executive and Planning, Curriculum, Examinations and Academic Standards, Research and Awards, Petitions and Tenure and Promotions), and; on the University Senate.

The FHSC will also function as a unifying body for all student clubs and organizations recognized by academic units in the Faculty of Health.

Pick up a Student Caucus Nomination Form from the Office of Student and Academic Services, located in 019 HNES.

HH OSAS: Who We Are and What We Can Do For You!

The Office of Student and Academic Services (HH OSAS) provides student advising services on an appointment basis. Student advising is available to all continuing students studying in Health Policy and Management, Kinesiology and Health Science, Nursing and Psychology. We wish you every success in the lead up to the examination period and look forward to assisting you as you progress toward your degree.

What you can expect from us:

- Our individual attention.
- Accurate knowledge of academic policies, procedures, regulations and degree requirements.
- Answers to your questions: when we don't know the answer, we will find the person who does, or refer you to the tools that will help you find your answer.

What we ask of you:

- Familiarize yourself with the academic policies, procedures, and requirements, published each year in the undergraduate calendar (available online at the [Current Students Website](#)).
- Recognize your responsibility for continually monitoring your progress toward graduation and for your academic choices. You are responsible for knowing the requirements of your academic program.
- Don't wait until you have a problem, come see us whenever you have an academic question.

Upcoming Workshops and New Scholarship Opportunity

Drop in Advising

The Faculty of Health Office of Student and Academic Services is offering one on one drop in advising for:

- Exploring your options
- Strategies for success
- Degree review for continuing or graduating students

Drop in advising will be available twice daily from 9:30am – 11:30am and 1:30pm – 3:30pm on:

Tuesday April 1, 2008 and Thursday April 3, 2008

Drop in advising will be held in the Faculty of Health Office of Student and Academic Services in the Health, Nursing and Environmental Studies Building in Room 019.

Advising for Petitions

The Faculty of Health Office of Student and Academic Services offers one on one advising with the Petitions Coordinator.

Appointments are available Monday and Thursday from 3:00pm – 4:00pm

If you wish to make an appointment contact the office at 416 736 5299. Advising for petitions will be held in the Faculty of Health Office of Student and Academic Services in the Health, Nursing and Environmental Studies Building in Room 019.

All You Need to Know About Petitions

In this workshop you will learn:

- How to petition
- Examples of common petitions
- How the petition process works

If you are interested in attending this workshop please contact the office at 416 736 5299 to sign up.

The workshop will be held from

10:00am – 11:00am on the following dates:

Wednesday April 9, 2008

Wednesday April 30, 2008

and from 2:00pm – 3:00pm on:

Thursday April 17, 2008

Friday May 30, 2008

Lillian Wright Maternal-Child Health Undergraduate Scholarship

The Lillian Wright Maternal-Child Health Undergraduate Scholarship is awarded to undergraduate students in the Faculty of Health who have a minimum cumulative grade point average of 7.5 and who demonstrate an interest in the area of maternal-child health.

Areas of study may include, but not limited to:

Maternal-child health
Early child development
Mother-infant relationships
Mothers, stress and coping
Developmental pathways in infants and young children
Pre-natal and post-natal interventions
Health promotion for mothers and children
Environmental considerations in infant/child health development
Patient safety issues relating to maternal-child health
Health policy and practice in relation to mothers, infants and children

Award Value: \$2,500.00

Deadline: April 14, 2008

To be considered for this scholarship, submit the application form (*available in the Office of Student and Academic Services, 019 HNES*) and a written statement (maximum 2 pages) outlining your experience and interest in maternal-child health. Statements may include a description of your desire and/or intention to further your studies in this area. Please print, complete and submit your application in hardcopy format to the **Office of Student and Academic Services, 019 HNES**.
